Thank you so much for your interest in Executive Women International. The Houston Chapter of EWI is currently comprised of over 32 diverse firms, all represented by extremely capable individuals. This organization is a respected and well-known international association of leading businesses. EWI is a professional organization which is by invitation-only and the number of firms in each industry/category is limited. Each firm has an executive of record as well as a representative. It is the representative who is active in EWI, although the membership is held by the firm.

Since membership in EWI is by invitation-only, there is a procedure for posting potential member firms to determine whether there are objections to inviting specific firms to join. The Membership Committee reviews each firm and makes a recommendation to the Board whether to consider the firm for posting. The posting period is 10 days, during which time the member firms will have the opportunity to submit a written objection.

In order to present your firm to the committee for consideration, we will need to learn a little about you and your firm. Please take a few minutes to answer the following:

- **Please provide a description of your firm's primary business.**
- **How long has your firm been in business?**
- **Is your corporate/primary office in Houston?**
- **Do you have locations in other cities?**
- **What is your position within the firm and a brief description of your duties?**
- **How long have you been employed by your firm?**

- **Please provide the name, title and brief position description of the executive you will represent.**
- **Do you have an association with another member/representative of EWI? If so, with whom?**
- **Please tell us why you want to join EWI of Houston.**

Your answers to the above will help the Membership Committee and the EWI Board of Directors to know more about you and your organization. Again, thank you for your interest in EWI and please let me know if you have any questions.

Best regards,
